

## JPAK-AM-600-05LS-15RO-RAX-4 4G CAGE ASSEMBLY

### JPAK-AM-600-05LS-15RO-RAX-4 CAGE ASSEMBLY

For small cell 7" to 15" diameter canister antennas

The JPAK-AM-600-05LS-15RO-RAX-4 application is a distinctive design providing a solid 4G mounting solution for light poles 3" to 5" in diameter. This mount comes with an antenna and radio cage, base mount and stainless steel hardware to complete the installation. For added concealment, we provide an FRP canister and steel shroud below with a conical design for aesthetics.

Other steel shrouds designs are available upon request.

This assembly supports 4G radios and all 4G canister antenna makes and models.

#### Specifications

<b>Model Number</b>	JPAK-AM-600-05LS-15RO-RAX-4
<b>Mounting Type</b>	Light pole
<b>Color</b>	Mesa Brown (Other color options available)
<b>Material</b>	Steel
<b>Environmental Conditions</b>	Outdoor
<b>Load Rating / Installed Antenna weight (Max)</b>	170 lbs.
<b>Mounting Bracket Assembly Weight</b>	70.2 lbs.
<b>Dimensions</b>	H 65.5" X DIA. 15"
<b>S.S Mounting Hardware for cage, base mount and metal shrouds</b>	Supplied with Bracket
<b>Antenna Model Applicability</b>	All OEM Models
<b>Cage Antenna configuration Types</b>	All OEM Models
