

JPAK-AM-200-17APT-15 Adjustable Utility Pole Top Antenna Mount

JPAK-AM-200-17APT-15 POLE TOP ANTENNA MOUNT

For small cell 7" to 16" diameter canister antennas

The JPAK-AM-200-17APT-15 Adjustable Pole Top mount comes pre-assembled ready to install on utility poles 6" to 13" in diameter. Each mount comes with a cage for 360 degree rotation, base mount, mounting bars and hardware. MWS offers a steel 2-piece shroud with bottom to conceal the cabling, connectors and mount. Design supports all antenna makes and models.

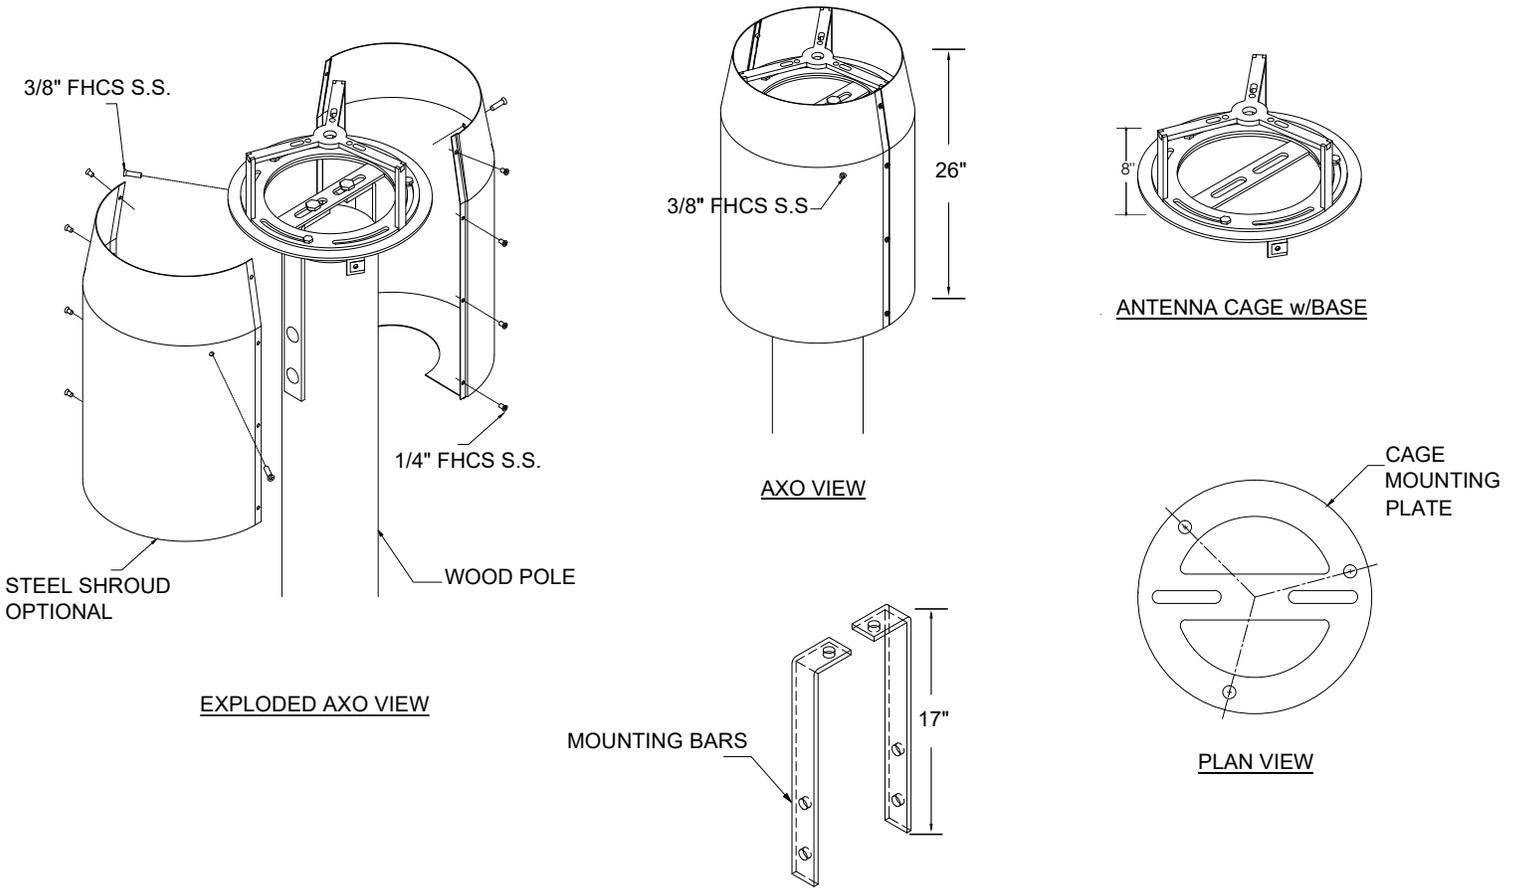

Alternative cage sizes are available upon request.
